EXPERIENCE

WEBINGATE SOLUTIONS PVT LTD | Full Stack Developer
Jul 2023 - Present | Hyderabad

- Developed Business 4.0 Marketplace, an aggregator platform for suppliers and buyers, using Angular, .NET, and SQL, ensuring a seamless buying and selling experience.
- Designed and built a React Native Android app with role-based access, enhancing mobile accessibility and user experience for the Business 4.0 Marketplace.
- Worked on GDS Property Trades platform, a real estate website for buying and selling land/plots using Angular, .NET, and SQL.
- Deployed applications on AWS, managing server configurations, optimizing performance.

PROJECTS

BUSINESS MART 4.0 | Teammate
Web Application

- Worked on end-to-end flow of the platform using Angular, .NET, and SQL, handling key processes such as quotations, orders, invoices, and payments for both sellers and buyers.
- Generated dynamic PDFs containing multiple product details, seller and buyer information, and images, and automated email delivery based on user actions.

Mobile Application

- Designed and built the React Native Android app, enabling seamless interaction between buyers and sellers through role-based logins with Registrations.
- Implemented multi-language support and mobile image uploading, enabling users to translate the app into different languages and allowing sellers to upload or capture product images directly from their devices.

GDS PROPERTY TRADES | Teammate

- Worked on real estate platform, enabling secure role-based authentication for Customers, agents, and service providers.
- Property adding, listing, and search features, allowing users to add new properties, browse listings, apply filters, and view detailed property information.

WIG HRMS | Teammate

- Developed and enhanced the HRMS system, streamlining employee onboarding, role assignments, and payroll management with Angular, Spring Boot, and MySQL for efficient workforce management.

EDUCATION

B-TECH - MECH. ENG.
Vignan's Institute of Information Technology (VIIT)
2022 - 54.5%

HSC BIEAP - MPC
Sri Gayatri junior college
2015 - 80.2%

SSC
Chaitanya public school
2013 - 8.2 CGPA

SKILLS

TECHNICAL SKILLS
Programming Languages

- Java   • TypeScript   • JavaScript
- C#

Frontend Development

- Angular   • React Native
- HTML   • CSS   • Bootstrap

Backend Development

- ASP.NET   • Spring Boot

Database Management

- SQL Server   • MySQL

LANGUAGES

- English   • Telugu   • Hindi

INTERESTS

Technical Interests

- Mobile and Web App Development
- AI   • Machine Learning
- Building Side Projects   • UI/UX Design
- Blockchain Technology

General Interests:

- Participating in Tech Communities
- Outdoor Activities   • Music and Podcast Listening
